

PhD Programs	
Fields	Subfields
Immunology	Immunology
Bacteriology	Bacteriology
Chemistry	Applied Chemistry
	Inorganic Chemistry
	Analytical Chemistry
	Organic Chemistry
	Physical Chemistry
Educational Psychology	Educational Psychology
Economics	Public Economics
	Economic Development
	Financial Economics
	Urban and Regional Economics
	Iran's Economy
Linguistics	Linguistics
Teaching English as a Foreign Language (TEFL)	Teaching English as a Foreign Language (TEFL)
Law	Private Law
	International law
Educational Administration	Educational Administration
Curriculum Development	Curriculum Development
Islamic Jurisprudence (Fiqh)	Islamic Jurisprudence (Fiqh)
Qur'anic Sciences and Narration (Hadith)	Qur'anic Sciences and Narration (Hadith)
Islamic Revolution History	Islamic Revolution History
Arabic Language and Literature	Arabic Language and Literature
Persian Language and Literature	Persian Language and Literature
Physics	Condensed Matter Physics
	Optics and Laser
	Gravity and Cosmology
Applied Mathematics	Operational Research
Pure Mathematics	Algebra
Pure Mathematics	Analysis
Plant Biology-Systematics	Plant Biology-Systematics
Geology	Economic Geology
	Petrology
	Engineering Geology
	Sedimentology
Sports Biomechanics	Sports Biomechanics

Pathology of Sports Injuries and Corrective Movements	Corrective Movements
Sport Physiology	Sport Physiology
Materials Engineering and Metallurgy	Materials Engineering and Metallurgy
Industrial Engineering	Industrial Engineering
Mechanical Engineering	Energy Conversion
	Applied Design of Solid Mechanics
Civil Engineering	Geotechnics Structure
Electrical Engineering	Control
	Power
Computer Engineering	Artificial Intelligence
Plant Pathology	Plant Pathology
Agricultural Engineering	Agricultural Entomology
	Agricultural Development
	Sustainable Agricultural Extension and Natural Resources
Agrotechnology	Agricultural Biotechnology
	Weed Science Physiology of Field Crops
Genetics and Plant Breeding	Ecology of Field Crops
Water Engineering and Sciences	Genetics and Plant Breeding
	Agricultural Meteorology
	Water Resources
	Hydraulic Structures Irrigation and Drainage
Animal Sciences	Animal Nutrition
	Genetics and Animal and Poultry Breeding
	Poultry Nutrition
Soil Resource Management	Soil Physics and Conservation
Soil Fertility Management and Soil Biotechnology	Chemistry, Soil Fertility and Plant Nutrition
	Soil Biology and Biotechnology
Horticultural Science and Engineering	Production and postharvest physiology of horticultural plants
Mechanical Biosystem Engineering	Agricultural Machinery Design
Urban Design	Urban Design
Architecture	Architecture
Archaeology	Prehistoric Period
	Historical Period
	Islamic Period
