

<b>Master's Programs</b>	
<b>Fields</b>	<b>Subfields</b>
Food Industry	Food Technology
Health and Food Quality Control	Health and Food Quality Control
Bacteriology	Bacteriology
Parasitology	Parasitology
Chemistry	Physical Chemistry
	Organic Chemistry
	Inorganic Chemistry
	Analytical Chemistry
	Applied Chemistry
Economics	Economic Development and Planning
	Islamic Banking
	Theoretical Economics
	Urban Economics
Business Administration	Strategy
Accountancy	Accountancy
General Psychology	General Psychology
Educational Psychology	Educational Psychology
Political Thought in Islam	Political Thought in Islam
Demography	Demography
Sociology	Sociology
Social Science Research	Social Science Research
Islamic Teachings	Islamic Revolution
Law	Private Law
	Public Law
	International Law
	Criminal Law and Criminology
English Language	Teaching English as a Foreign Language (TEFL)
French Language	French Language Translation
Curriculum Development	Curriculum Development
History and Philosophy of Education	Islamic Education
Educational Administration	Educational Administration
Educational Technology	Educational Technology

Islamic Mysticism	Islamic Mysticism
Islamic Jurisprudence (Fiqh)	Islamic Jurisprudence (Fiqh)
Qu'ranic Sciences and Narration (Hadith)	Qu'ranic Sciences and Narration (Hadith)
General Linguistics	General Linguistics
Teaching Persian to Non-Persian Speakers	Teaching Persian to NonPersian Speakers
Iranian Ancient Languages	Iranian Ancient Languages
Arabic Language	Arabic Language and Literature
	Arabic Language Translation
Persian Language	Persian Language and Literature
Physiology	Animal Biology
	Plant Biology
Plant Biology	Systematics and Ecology
Pure Mathematics	Algebra
Pure Mathematics	Analysis
Pure Mathematics	Geometry and Typology
Applied Mathematics	Numerical Analysis
Applied Mathematics	Optimization
Applied Mathematics	Cryptography and Coding
Physics	Condensed Matter Physics
	Nuclear Physics
	Gravity and Cosmology
Geology	Optics and Laser
	Petrology
	Economic Geology
	Tectonics
	Sedimentology
	Engineering Geology
Sport Physiology	Environmental Geology
	Applied Sport Physiology
Sport Biomechanics	Pure Sport Physiology
	Sport Biomechanics

Motor Behaviour	Learning and Motor Control
Pathology of Sports Injuries and Corrective Movements	Corrective Movements
Management of Sport Organizations	Strategic Management of Sport Organizations
Computer Engineering	Artificial Intelligence and Robotics
	Software
Information Technology Engineering	Computer Networks and Communication
Materials Engineering	Identification and Selection of Materials
Mechanical Engineering	Manufacturing
	Applied Design
	Energy Conversion
Civil Engineering	Structure
	Geotechnics
	Hydraulic Structures
	Construction Management
Surveying Engineering	Remote Sensing
Industrial Engineering	Systems Optimization
	Macro Systems
Electrical Engineering	Power Systems
	Control
Rural Development	Rural Development
Agricultural Biotechnology	Agricultural Biotechnology
Agricultural Mechanization Engineering	Systems Analysis and Management
Agricultural Mechanization Engineering	Energy Conversion
	Design and Construction
Mechanical Engineering of Biosystems	Postharvest technology
Plant Pathology	Plant Pathology
Agricultural Entomology	Agricultural Entomology
Animal Sciences	Genetics and Animal and Poultry Breeding
	Animal Nutrition
	Poultry Nutrition

Soil Fertility Management & Soil Biotechnology	Chemistry, Soil Fertility and Plant Nutrition
	Soil Biology and Biotechnology
Soil Resource Management	Soil Physics and Conservation
	Soil Resources Management and Land Evaluation
Sustainable Agricultural Extension and Education	Sustainable Agricultural Extension and Natural Resources
	Agricultural Innovation and entrepreneurship
	Fruit Trees
Horticultural Science and Engineering	Vegetables
	Ornamental Plants
	Medicinal Plants
	Greenhouse Crops Productions
Agricultural Economics	Environmental and Natural Resource Economics
Genetics and Plant Breeding	Genetics and Plant Breeding
Agrotechnology	Physiology of Field Crops
	Ecology of Field Crops
Water Engineering and Sciences	Weed Sciences
	Irrigation and Drainage
	Hydraulic Structures
	Water Resources
	Agricultural Meteorology
Architecture	Architecture
Urban Design	Urban Design
Archaeology	Prehistoris Period
	Historical Period
	Islamic Civilization and Culture of Iran and Other Countries
